- **Spring Carnival, June 13**

Hiring out a company for the school carnival. They handle the larger parts while we handle the smaller parts.

Inflatables, Games, Obstacle Course ect. These are done by the company.

2 event supervisors.

Question: making sure the supervisors are background checked.

June 13th

Planning: Keeping it small, food trucks along with what is mentioned above.

A Face Painting booth is an option, hoping to get some highschool clubs.

Balloons in the front.

Budget is a little low but there is money we could potentially move around. Also a few companies may be willing to sponsor the event.

Kim is heading up the baskets.

Potentially come up with a carnival committee meeting.

If we do market to the community, market more about the food trucks.
